B. In lieu of having the dwelling inspected by the Borough's lead evaluator, a dwelling owner or landlord may directly hire a private lead evaluation contractor who is certified to provide lead paint inspection services by the Department of Community Affairs to perform the lead-based paint inspection in accordance with N.J.S.A. 52:27D-437.1 et seq.

C. In accordance with N.J.S.A. 52:27D-437.16(c), a dwelling unit in a single-family, two-family, or multiple rental dwelling shall not be subject to inspection and evaluation for the presence of lead-based paint hazards if the unit:

E. If lead-based paint hazards are identified, then the owner, landlord, and/or agent of the dwelling shall remediate the lead-based paint hazard using lead abatement or lead-based control methods in accordance with N.J.S.A. 52:27D-437.16(d). Upon the remediation of the lead-based paint hazard, the Borough's lead evaluation contractor shall conduct an additional inspection of the unit to certify that the hazard no longer exists.

F. If no lead-based paint hazards are identified, then the Borough's lead evaluator shall certify the dwelling as lead-safe on a form prescribed by the Department of Community Affairs,

which shall be valid for two (2) years.

G. Pursuant to N.J.S.A. 52:27D-437.16(e), property owners shall:

The fees collected pursuant to this subsection shall be deposited into the Lead Hazard Control Assistance Fund.

(3) In a common interest community, any inspection fee charged pursuant to this subsection shall be the responsibility of the unit owner and not the homeowners' association, unless the association is the owner of the unit.

§13-4.3 Violations.

Penalties for violation of Chapter 13-4 shall be as follows:
